

# Release Notes (EMS & OTT)

We are pleased to share the latest updates and enhancements delivered across the Event Management System (EMS) and Over-The-Top (OTT) platform. These updates focus on improving organiser control, visibility, localisation, and live event operations.

## 1. Documents & Sponsors Tab

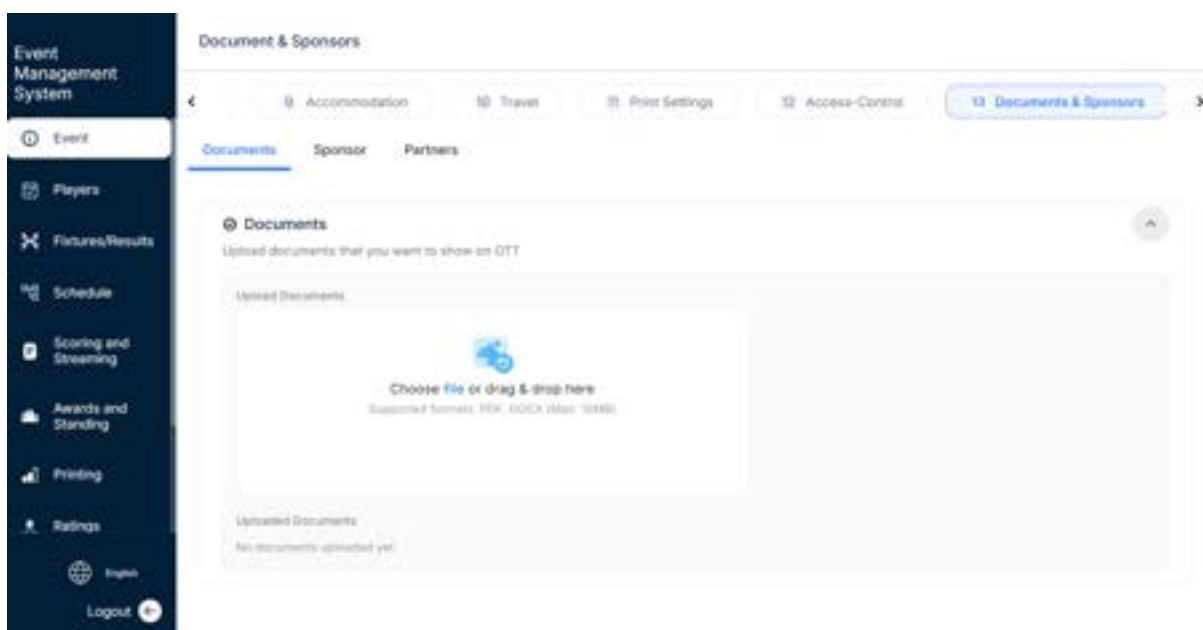

### Functionality

The new tab has been introduced in the event creation where organisers can upload **documents, sponsor logo and partners logo** that they want to show in the OTT.

### Supported formats:

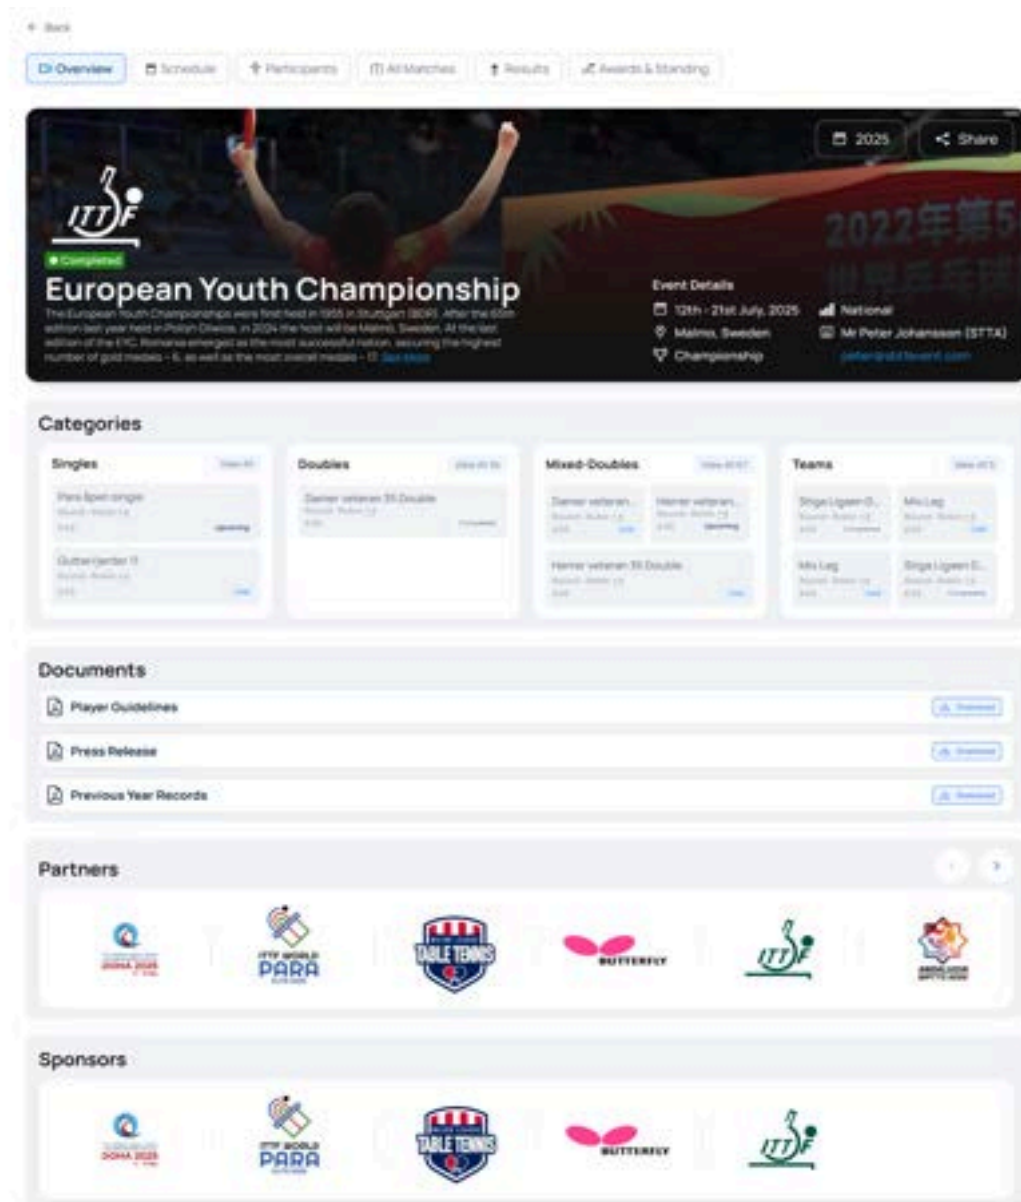

- Document: PDF, DOCX (Max: 10MB)
- Sponsor logo: JPEG, PNG (Max: 2MB)
- Partners logo: JPEG, PNG (Max: 2MB)

Flow: Event > Event details > Documents & Sponsor (Header)

## OTT Display:

Uploaded documents, sponsor logos, and partner logos will now be visible on the OTT event page, enhancing event presentation and sponsor visibility.

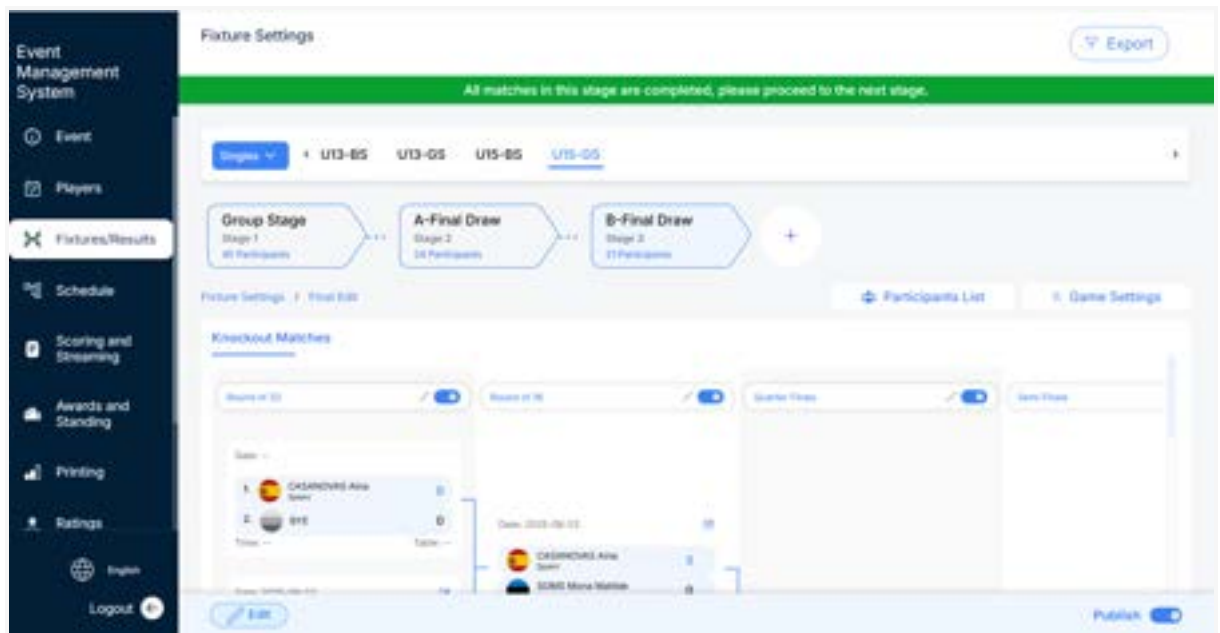

## 2. "Incomplete Match" Prompt

### Functionality

To improve clarity and prevent configuration errors, system prompts have been introduced in **Fixtures/Results**:

- When **all matches in a stage are completed**, the system displays:

*"All matches in this stage are completed. Please proceed to the next stage."*

- When **matches in the previous stage are not completed**, and a dependent stage attempts fixture creation:

*"Fixtures cannot be created for this stage as all matches of the previous stage are not scored."*

This ensures organisers are clearly informed about stage dependencies.

### 3. Add Participant After Fixture Creation

#### Functionality

Organisers can now add participants **after fixture creation** in both tournaments and leagues.

- Newly added participants automatically appear under **Excluded Participants**
- These participants can be selected while creating fixtures for new **subsequent stages** in the same category

This provides greater flexibility in managing late entries or corrections.

### 4. The “Save and Publish” button is introduced after the team match score entry. (League Specific)

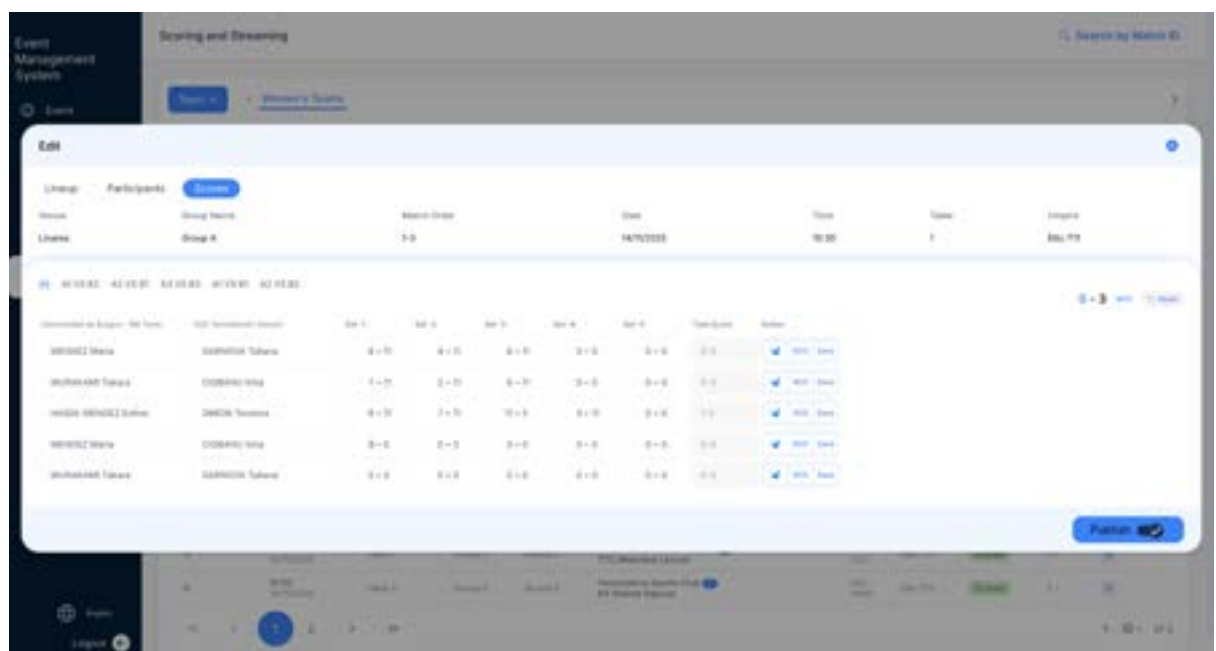

#### Functionality

A new “**Save and Publish**” option has been added to **Team Match Score Entry**.

- Organisers can **publish or unpublish** team match scores using a toggle
- This enables controlled score visibility and validation before publishing

#### Flow

**Scoring & Streaming > Team Matches → Scorecard → Scores**

## 5. Localization

### Functionality

Localization has been successfully deployed across both:

- **Event Management System**
- **OTT Platform**

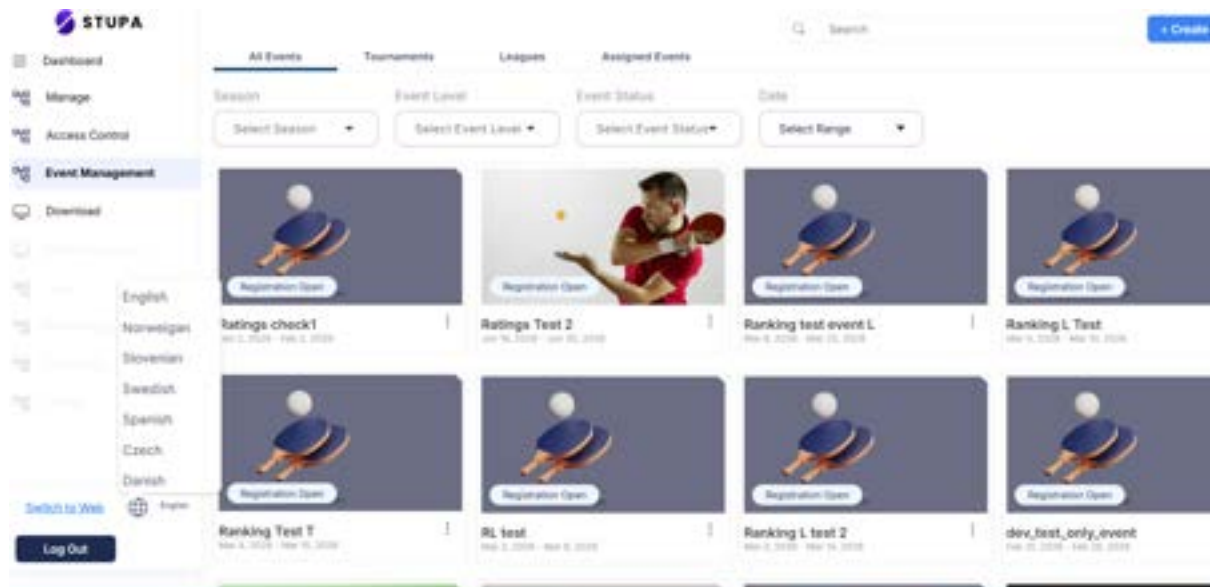

### Supported Languages

- English (Default)
- Norwegian
- Slovenian
- Swedish
- Spanish
- Czech
- Danish

Users can switch languages based on preference.

**Note:** The default language is currently set to **English**. Once validation is complete from your end, the platform can be configured to use the **local language as default**.

## Event Management System

## OTT (Over the Top)

## 6. Match on Multi-Tables

Functionality: The new functionality has been introduced for team events, Team matches scheduled on multi tables, for every individual match the separate links will be generated for **umpire LED, Big LED (viewers) and score overlay**.

The screenshot shows the 'Tournament Management System' interface. The left sidebar contains navigation links: Tournament, Participants, Features, Schedule, Scoring & Streaming, Display Settings, Rankings, Live Score, and Final Results. The main content area is titled 'Display Configuration' and shows a table of 'Live Matches'. The table has columns for Match ID, Date/Time, Round No., Category, Round, Team, Match, Club, Score, and Video Overlay. A search bar and filters are at the top. A 'Team' dropdown is visible, showing options for 'Team' and 'Match'. The bottom right shows '1 - 20 - of 100'.

Match ID	Date/Time	Round No.	Category	Round	Team	Match	Club	Score	Video Overlay
1000001	10/10/2024 15:00	Round 1	Men's	Round 10/10	Team A	Team B	Team C	1-0	1000001
1000002	10/10/2024 15:00	Round 1	Men's	Round 10/10	Team A	Team B	Team C	1-0	1000002
1000003	10/10/2024 15:00	Round 1	Men's	Round 10/10	Team A	Team B	Team C	1-0	1000003
1000004	10/10/2024 15:00	Round 1	Men's	Round 10/10	Team A	Team B	Team C	1-0	1000004
1000005	10/10/2024 15:00	Round 1	Men's	Round 10/10	Team A	Team B	Team C	1-0	1000005
